PENNSYLVANIA DEPARTMENT OF AGRICULTURE

Harrisburg, Pa.
January 15, 1923.

Honorable F. P. Willits,
Secretary of Agriculture.

Dear Mr. Secretary:

The first year of licensing only registered stallions and jacks standing for public service in Pennsylvania, as provided in the Stallion Law amended April 21, 1921, resulted in the issuing of 408 licenses. Three hundred fifty-four were issued for stallions of the draft type, twenty-nine for the light harness, thoroughbred and saddle types and twenty-five for jacks.

There was an increase of 40% in the number of horses sold in the United States in 1922 over the preceding year and statistics show that it requires annually over 50,000 horses for replacement in Pennsylvania alone. The foregoing indicates that the use of and demand for good, sound mules, draft and saddle horses, is increasing.

Realizing that Pennsylvania is a buying state and in the face of the shortage of horses in the states supplying our demand, it would seem a very opportune time for breeding and raising more horses. We urge that owners breed their mares to stallions or jacks of good type, pure bred and sound.

The information contained in this directory is of inestimable value and I recommend that it be published for distribution.

Respectfully yours,

T. E. MUNCE,
State Veterinarian.

TABLE SHOWING NUMBER AND CLASSES OF LICENSES ISSUED
IN PENNSYLVANIA FROM 1912 TO 1922 INCLUSIVE.
